

AMENDMENTS TO THE SPECIFICATION

Page 12:

Please substitute the following paragraph for the paragraph beginning at line 5:

As agreed, the terminal  $T_2$  calls the terminal  $T_1$  across the telephone network 101 one minute after the call from the terminal  $T_1$  to the terminal  $T_2$  (step 47). On receiving this call, the terminal  $T_1$  puts the telephone line off-hook and the two terminals  $T_1$  and  $T_2$  establish a telephone communication, across the telephone network 101, in the course of which the terminal  $T_1$  transmits its address  $IP_1$  to the terminal  $T_2$  (step 48). The terminal  $T_1$  then interrupts the telephone communication by putting the line back on-hook.
